------------------------------	---	---

## Examples of EC certificates of conformity

### Please note:

- Words and numbers that are between < ... > will depend on the specific certificate ie notified body, the client and technical specification.
- Words that are in italics (eg '*and to the further testing of samples taken at the factory*') will depend on what is required by the relevant technical specification.

### **Revisions to document NB-CPD/AG/03/003:**

**Rev1.** *After discussion at the 15<sup>th</sup> AG meeting on the 16 March 2004 where it was decided that:*

- *the validity/expiry date to be removed,*
- *approved body should be changed to Notified Body,*
- *the wording should be changed so that ETAs cannot be understood to have an Annex ZA,*
- *for 1+, 1 and 2+ certificates shall have further testing of samples in italics ie it is optional depending on the technical specification,*
- *'0XXX' should be changed to 'XXXX',*
- *the abbreviation CPD to be in italics to allow for national translations, and*
- *the letters used to indicate EN reference should be changed.*

## EC-CERTIFICATE OF CONFORMITY

< XXXX - CPD – YYYY >

In compliance the Directive 89/106/EEC of the Council of European Communities of 21 December 1988 on the approximation of laws, regulations and administrative provisions of the Member States relating to the construction products (Construction Products Directive - CPD), amended by the Directive 93/68/EEC of the Council of European Communities of 22 July 1993, it has been stated that the construction product

< **PRODUCT** >

< eventually product parameters (performance of the product) and classes; description of the product (type, identification, use...); field of direct application; particular conditions applicable to the use of the product according to the technical specification >

placed on the market by

< **Name of the producer or its authorised representative** >

< Full address >

and produced in the factory

< **Factory** >

is submitted by the manufacturer to a factory production control *and to the further testing of samples taken at the factory in accordance with a prescribed test plan* and that the notified body - < *Name of the certification body* > - has performed the initial type-testing for the relevant characteristics of the product, the initial inspection of the factory and of the factory production control and performs the continuous surveillance, assessment and approval of the factory production control and an audit-testing of samples taken at the factory, on the market or at the construction site.

This certificate attests that all provisions concerning the attestation of conformity and the performances described in the ETA or Annex ZA of the standard (*resp. in*)

< **ETA AAA** > *resp* < **EN BBBB:CCCC** >

were applied and that the product fulfils all the prescribed requirements.

This certificate was first issued on < date > and remains valid as long as the conditions laid down in the harmonised technical specification in reference or the manufacturing conditions in the factory or the FPC itself are not modified significantly.
